

You will be tested on your ability to memorize the following songs by the following days. Please do your best to look ahead and be prepared for the daily memorization quizzes. It is important that you memorize the field quickly so that we can be “off book” when school begins. It might seem daunting at first, but if you practice in sections as indicated, then it will be easier. I know you can do it if you put your mind to it.

Thank you,
Mr. Schick
