

CVHS Band Camp 2016: **Medusa**  
Memorization Goals

You will be tested on your ability to memorize the following songs during band camp. Memorization is a learned skill that with diligent practice will build confidence and allow us all to play more musically. I've divided each of the songs into phrase "chunks" which if practiced repeatedly will make memorizing much easier. Take the time to sit down and go over your music. Listen to the musical examples online at [www.falconmusic.org](http://www.falconmusic.org). Here are a few short articles, which gives tips on memorizing music.
