CVHS INSTRUMENTAL MUSIC

POPS
CONCERT

FRIDAY, MAY 5, 2017

PRESENTED BY CVHS VISUAL &
PERFORMING ARTS DEPARTMENT

"To all who come to this happy place: Welcome. Disneyland is your land. Here age relives fond memories of the past, and here youth may savor the challenge and promise of the future. Disneyland is dedicated to the ideals, the dreams, and the hard facts that have created America, with the hope that it will be a source of joy and inspiration to all the world."

—WALTER E. DISNEY, JULY 17, 1955

THE MAGIC OF Disney

No one can deny the magic of Disneyland, arguably "The Happiest Place on Earth!" Disneyland has existed for almost 62 years and, what started as an idea by Walt Disney to create a family-friendly place where adults and their children could have fun together, is still a part of one of the largest entertainment companies in the world which has helped shape the memories of almost every child and adult today.

From early animation classics such as Steamboat Willie, Fantasia and Snow White, to modern classics such as The Lion King, The Little Mermaid, UP, and even Frozen, to live action movies like Pirates of the Caribbean, Disney has combined innovative techniques with memorable stories to create lasting, noble characters that have worldwide appeal. Being able to go to a place where a child can see their favorite characters come to life and interact with them in memorable ways is what makes Disneyland such a magical place.

I was born in Southern California and went to Disneyland during the summer with my grandparents. The best summers were when I could go twice in one summer with both sets of grandparents! I remember getting lost on Tom Sawyer Island and riding Dumbo with my grandfather. I remember being fascinated with Adventure thru Inner Space (which is now Star Tours) and being petrified when Space Mountain first opened. (My mom tells me that the first time I rode Space Mountain, I closed my eyes during the entire ride and didn't say a word... She thought I passed out!!)

It's pure joy to see my boys create new memories while exploring the park, watching parades, and enjoying the Matterhorn, Hyperspace Mountain, Star Tours, as well as driving cars in Autopia.

Spending time at Disneyland has helped create many memories for my family and me, and I know that it has for many others. Please enjoy our tribute to the magic of Disney tonight as the Crescenta Valley Instrumental Music Department performs a wide spectrum of music from the Disney Classics.

Enjoy!
Matthew Schick

INSTRUMENTAL MUSIC STUDENTS, PARENTS, FAMILIES, AND FRIENDS...

The program Mr. Schick has developed during his years here at CV is no less than amazing. It's a credit to his talent, energy, and fortitude. And I think his students all know this intuitively. He is often cited as their favorite teacher. Naturally, he enjoys the benefit of being a MUSIC teacher, and that isn't meant to diminish his contribution in the least.

Our annual Pops Concert is always very popular (is that why we call it that?), so it's the ideal time to speak directly to the people who are the most vital component of the instrumental music program. So that's what I'm going to do; speak directly to you!

Get involved! We need you! The program needs you! Our kids need you! Without you, there is no this! Volunteer. Step up. Figure out a way to contribute. Give us some of your time. Give us some of your money. Give us something!

Over the past four years, I've seen parental involvement slowly shrink. That's not good. The program suffers

because of this. Yes, I know, we all get pushed and pulled this way and that. That's life. That's what happens. Your task needs to be finding a way to dig out a little handful of time, effort, money, help, work, ideas, solutions, and all that stuff. No program on campus survives without parents getting involved.

And with school budgets for the arts getting smaller and smaller, we're fast approaching a critical crossroads where music in general is viewed as less and less of a priority. Not only is that a shame and a loss for the world in general, but it takes away a possible career path for many budding student-musicians. Music is not just a fun thing or a hobby. It's a business. People make money at this. They can make an entire career of making music. So even from a purely practical point of view, music makes sense.

Plus, (and this is a big "plus")... it's fun! And who doesn't want their kids to have that?

Most sincerely,
MICHAEL LEFEVRE / CVIM PRESIDENT

Russell and Kayla,

We are so proud of the two of you. So glad that you both enjoy the gift of music and to see you play together was awesome! Hope you two will share many more fun times together.
Love, Mom and Dad

Congratulations DAKOTA!

We are so proud of you for all that you have accomplished and for just being your amazing self! You've been the heartbeat of the band for 4 years & now it's time to march to the beat of your own drum! Can't wait to see what great things you'll do next!
We love you,
Mom, Dad, & Nolan

KATE

From learning to march and play your bari sax to becoming section leader and playing at Carnegie Hall – we have admired your dedication, heart and talent. As you start the next exciting chapter of your life, know that our love and support go with you always.
